

15' to 18' WIDE SINGLE HOOP MODELS

Diamond Shelters

All Single Hoop Freestanding and High Profile packages come complete with base rail mounting kit including ground anchors and cover tie down rails.

28' to 80' WIDE WELDED TRUSS MODELS

Diamond Shelters

All rafters and cross bracing have easy to assemble bolt together joints.

Diamond Shelter Welded Truss frames are constructed of hollow structural tube with yield and tensile strengths that allow them to withstand heavier stress loads. All frames are engineered to meet the requirements of the National Building Code.

90' to 160' WIDE WELDED TRUSS MODELS

Diamond Shelters

Diamond Shelters are leaders in finding new and creative applications for commercial and industrial sectors.

Diamond Shelter covers allow an abundance of natural light to penetrate into the shelter, a major attraction for riding arenas.

Diamond Shelters

A variety of foundations have been used with **Diamond Shelters**. Make sure the foundation you choose is properly engineered and meets all building code requirements.

22' to 36' WIDE SINGLE HOOP MODELS

All Single Hoop rafters are 2 3/8" x 12 gauge, hollow structural round tube. There is an optional upgrade to 3" x 12 gauge rafters.

Diamond Shelters

Ponywall **Diamond Shelters** come complete with rafter base couplers and lag bolts for wood, or optional wedge anchors for concrete.

Diamond Shelters offer an affordable long lasting alternative to conventional buildings.

Our own polyethylene covered end wall provides a durable and attractive finish. End walls for **Diamond Shelters** can also be clad with wood or metal.

Diamond Shelters

Strength and durability of our covers comes from a weave of double stacked, high-density polyolefin slit tapes. They are backed with a standard 10 year pro-rated warranty or an optional 15 year pro-rated warranty. Finish your **Diamond Shelter** using one or more of these appealing colours.

Optional **Powder Coating** on a steel frame provides a superior finish that is tough, durable, attractive and environmentally friendly. **Powder Coating** comes in many colours for a distinctive finish.

- ◆ At **Diamond Shelters** quality is a tradition
